Protecting Prostate Health through Awareness and Prevention

While great strides have been made in promoting prostate health, there is still more work to be done. In 2021, over 248,500 Americans were diagnosed with prostate cancer, and this illness is still the second-leading cause of cancer-related deaths in American fathers, sons, husbands, and brothers.

September is National Prostate Health Month, and there are numerous ways you can help. You can sign up to a local 5K or 10K and have the funds donated to cancer research. You can spread awareness in your workplace by requesting free promotional materials regarding prostate health or you can set up a PCF fundraising page to honor someone in your family who has been directly affected by prostate cancer.

Advances in research are occurring steadily, but we must be vigilant in conveying the message of prostate health's importance.

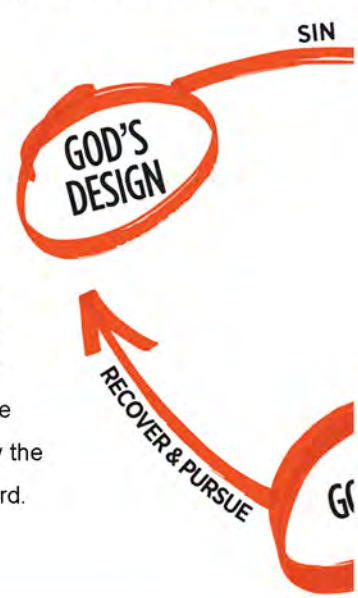

Happy Grandparents Day!

Thank God for Grandparents! For that sweet, peaceful sound of faith in their voice when they hum their favorite hymn. When they give comfort to folks feeling low and show kindness on a whim. When they give that much needed hug or give you some sugar that every doctor approves of. Thank God for Grandparents!

As I'm getting older I'm accepting the fact that, if life expectancies hold true, it's pretty safe to say I have more days behind me than in front of me. I don't know how that news would affect you, but it has moved me to look and see how to make the most of the time I have left. I want to make sure I make the best use of my time, talent, treasure, temple and testimony with the time I have left and honor God in all I do. So I've asked myself the question – What should I do with the time I have left? What should be my priority for the rest of my time on earth? I've decided I want to focus the rest of my life on doing what Jesus has commanded me to do: I WANT TO MAKE DISCIPLES FOR JESUS CHRIST!

We've learned from the Word of God that discipleship is a two-step process: helping people who need Jesus in their life come to know Him, and helping people who know Jesus grow in Him. So the first question is, "How do we help people come to know Jesus?" I believe one of the best tools to share your faith in Jesus with others is the 3 Circles Evangelism technique developed and distributed by the North American Mission Board.

PRINCIPLES OF EVANGELIZATION

Cruise
2023**

This month, and moving forward, we will teach and train each of you how to share your faith with someone else. I want you to develop a discerning spirit to sense when God presents you with a prime opportunity to share your faith and know exactly what to do. This training will equip you to live on mission for God.

Get ready to see your life change as you learn how to help others change their lives by coming to know Jesus Christ as their Savior.
